

2025 STUDENT RESOURCE SCHEME

In 2025 Morningside State School will again offer parents the opportunity to join the Student Resource Scheme (SRS).

The SRS is supported and approved by the Morningside State School Parents and Citizens Association (P&C) on an annual basis. The purpose of the scheme is to ensure adequate resources are available to provide good quality education to all students, and to save parents and caregivers money and time by allowing them to take advantage of the school's bulk purchasing power for teaching and learning resources.

The cost to join the SRS in 2025 is \$245.00 plus swimming, meaning the cost is capped at \$265.00 per child for the first and second student/s in a family. For the third and subsequent child in a family a 10% discount on SRS will apply to that and subsequent student invoices. The discount will not apply to swimming, and all students will be invoiced for the swimming contribution.

SWIMMING CONTRIBUTION

As we are fortunate enough to have our own pool, the **swimming contribution** per child will amount to **\$20 pa.**

We will invoice separately for the cost of the additional qualified swimming staff to support HPE curriculum. This amount is a user pays expense and as all students are required to take part in swimming lessons, the expectation is that all families will meet this cost regardless of whether you opt in or out of SRS.

Whilst participation in the SRS is optional, the school encourages your participation in the scheme, as the best savings for all come from high participation rates. The SRS at Morningside SS operates under the policy and guidelines of Education Queensland. Parents wishing to take advantage of the services provided by the scheme pay an annual fee and sign an agreement to the conditions that apply. Under the guidelines of the Education Act 2006 schools are now able to engage the services of a debt collector if fees fall into arrears.

The participation form you complete will be valid for the entire enrolment period of your child. Each year the school will remind families through the newsletter that they can opt out of the SRS by completing another form.

The SRS will supply your child with:

- All stationery required as per their year level booklist
- New technologies – classroom computer educational software, apps for iPads and interactive whiteboards to support individualised student learning; online registration for students for various programs e.g. Reading Eggs, Mathletics
- Class sets of atlases, dictionaries, thesaurus and texts to support learning
- Reprographics and expendable materials including paper, printing, art, science equipment, classroom consumables
- Management of the scheme

What is not included in the SRS:

- Activities that attract a separate levy for participating students including Instrumental Music, Interschool Sport, Cheerleading, Year level camps, Year 6 Canberra Trip and any excursions, incursions and emergent opportunities that may arise throughout the year. These invoices are raised throughout the year as the opportunities become available.
- Additional qualified swimming staff to support HPE curriculum – all students will be invoiced at the start of the year.
